

# 1908 Perfin Covers

Bob Schwerdt writes that he has recently acquired three 1908 Perfin covers, each franked with Scott #319, as follows: two of the covers bear the L-55 pattern of Liquid Carbonic Co., dated, respectively, 9-3-08 and 9-10-08. The third cover bears the E-55 pattern of Edwin J. Gillis & Co., and is dated 10-29-08.

A list of Perfin patterns confirmed on cover as having been used in 1908 was published in the February 1972 Bulletin. As a matter of interest to newer members, that list is reprinted below to include Schwerdt's find. Any member who can report an additional pattern on a 1908 cover is requested to contact the editor.
